

Motion 2201POVC01 Move to increase the 2022 Pacific Coast All-Star coach per diem from \$100 to \$200 per coach.

Purpose: The per diem for coaches of both all-star meet and camps have not been adjusted in over a decade. We recently gave each coach of the Leadership Camp \$100 for one day, which is the same amount currently being given to coaches for a two day meet. Given that the coaches had to take on double duty, due to coach shortage, the two remaining coaches should get at least \$200 for this event.

All of the per diem should be reviewed and increased for future events. This is a one-time increase, in the meantime, for the coaches of the 2022 Pac Coast coaches. This does not affect the budget as the total we are paying out is the same (4 coaches at \$100 versus 2 coaches at \$200).
